

SAM 023624**NAKAMURA-TOME Type NTRX 300**

Group	CNC turning lathe
Manufacturer	NAKAMURA-TOME
Type	NTRX 300
Year	2017

Number of axis total	6
Number of axis simultaneous	5
Longitudinal travel (Z-axis)	1125 mm
Transversal travel (y-axis)	+/- 125 mm
B axis swivelling range	225 °
Resolution	0.001
C axis	360 °
Resolution	0.001 °
Dimension of the workpiece:	
Length	1100 mm
Diameter	640 mm
Transversal stroke (X axis)	700 mm
Tool magazine number of tool places	40
Tool diameter max.	90 mm
Tool length	300 mm
Spindle nose:	Capto C6
Main spindle:	
stepless	
up to	4500 t/min
Back spindle	
Milling spindle speeds:	
stepless	
up to	8000 t/min
Rapid traverse:	36 m/min
Air connect	5-7 bar
Voltage 50 Hz 3x	400 Volt
Spindle motor	15/11 kW
Total power required	65.1 kVA
Machine's weight about	18000 kg
Overall dimensions machine:	
Length	4530 mm
Width	2670 mm
Height	2615 mm

Various accessories:

Coolant system
 Paper filtration system
 Set of toolholders
 Set of milling cutters
 Set of drills
