

**SAM 023267****WAHLI Type W 92**

**Group** Hobbing machine  
**Manufacturer** WAHLI  
**Type** W 92

|                                                |            |
|------------------------------------------------|------------|
| Work capacity: max. diameter                   | 10 mm      |
| Max. module                                    | 0.5        |
| Workpiece length max.                          | 35 mm      |
| max. gear wheel width                          | 15 mm      |
| Pitch min.                                     | 6          |
| max.                                           | 180        |
| Axes distance between work-<br>piece and tool: |            |
| min.                                           | 0 mm       |
| max                                            | 28 mm      |
| Gear hob:                                      |            |
| max. diameter                                  | 24 mm      |
| Milling cutter speeds:                         |            |
| number (steps)                                 | 6          |
| from                                           | 850 t/min  |
| up to                                          | 4500 t/min |
| Voltage 50 Hz 3x                               | 380 Volt   |
| Power                                          | 0.32 CV    |
| Machine's weight about                         | 350 kg     |
| Overall dimensions machine:                    |            |
| Length                                         | 630 mm     |
| Width                                          | 530 mm     |
| Height                                         | 1350 mm    |

**Various accessories:**

PLC control  
 Loader Strausak  
 Deburring device  
 Coolant system  
 Central lubrication
