

**SAM 012434****ABM Type PRS 30**

**Group** Excentric press  
**Manufacturer** ABM  
**Type** PRS 30

|                                                 |           |
|-------------------------------------------------|-----------|
| Pressure                                        | 30 to     |
| Machine frame: fixed                            |           |
| Fixed table: length                             | 650 mm    |
| Width                                           | 420 mm    |
| Die from the middle of the slide to the support | 225 mm    |
| Distance working table to slide: max            | 340 mm    |
| Number of strokes: stepless                     |           |
| from                                            | 80 c/min  |
| up to                                           | 400 c/min |
| Adjustment of the slide                         | 50 mm     |
| Tool-holder: bore                               | 40 mm     |
| Adjustable stroke: up to                        | 50 mm     |
| Distance between columns: front                 | 270 mm    |
| Voltage 50 Hz 3x                                | 380 Volt  |
| Power                                           | 4 kW      |
| Machine's weight about                          | 2'400 kg  |
| Overall dimensions machine:                     |           |
| Length                                          | 1400 mm   |
| Width                                           | 1000 mm   |
| Height                                          | 2500 mm   |
