

Inventarnummer: 21788

Werkzeug-Vorreinstellgerät
KELCH Kalimat C34

Technische Daten

Maschinengewicht ca.	250 kg
Abmessungen Maschine:	
Länge	900 mm
Breite	600 mm
Höhe	1100 mm

Robust, stable table-top unit in vertical construction with high-precision mechanics in ergonomically optimised design.

- Mechanical rotary centre measuring device Cutting edge sensing in X
- Modular precision spindle, manual vertical, for mounting any type of cutting edge
- SK 40 insert module
