Bandsäge

MEP SHARK 230-1 NC HS 5.0

2022

Technische Daten

Schnittbereich rund bis	230 mm
Vierkant	230 mm
Flach	230 mm
Reststücklänge min.	70 mm
Ausführung:	
Automatisch	
Schnittgeschwindigkeit:	
Stufenlos	
von	15 m/min
bis	100 m/min
Bandlänge ca.	2950 mm
Bandbreite	27 mm
Banddicke	0.9 mm
Antriebsleistung Sägemotor	2.2 kW
Antriebsleistung total	3.9 kW
Maschinengewicht ca.	1000 kg
Abmessungen Maschine:	
Länge	1864 mm
Breite	1655 mm
Höhe	1900 mm

SHARK 230-1 NC 5.0, electro-hydraulic two-column fully automatic bandsaw with semi-automatic and fully automatic mode.

Max. remnant length 70 mm. Bundle cuts 230 x 230 mm.

Numerically controlled sawing machine with the new MEP 50- Windows based control.

Material feed with stepper motor via ball screw mounted on opposing ball bearings.

Single stroke 500 mm - repeatable to saw any length.

Easy programming - enter cutting length and number of pieces and press "START".

Electronic belt tension control.

Automatic monitoring of the cutting load by a servo valve mounted directly on the cylinder.

Rotation control of the band with immediate stop in case of a jammed saw band.
