

Inventory number: 7948

High speed press
ESSA PLA 30

Technical data

Pressure	30 to
Stroke: (stepless) up to	900 s/min
Execution: 4 supports	
Table surface: Length	425 mm
Width	350 mm
Table relieving: Diameter	85 mm
Slide stroke	10 mm
slide bore diameter	38 mm
Passage between the supports: longitudinal	455 mm
Voltage 50 Hz 3x	380 Volt
Power	5.5 kW
Machine's weight about	1950 kg
Overall dimensions machine: Length	1500 mm

Width 1000 mm

Height 2000 mm

Various accessories:

Automatic feed: number 1

Execution:

rolls

Electro-pneumatic clutch

Security/safety device
